Citing QIAGEN’s Ingenuity Products

This document provides a set of guidelines and best practices for citing QIAGEN’s Ingenuity products or content. In general, if any images or results generated by QIAGEN’s Ingenuity products are published in any form (e.g. print, electronically), you are required to cite them as follows. If you have any questions, contact Customer Support at support@ingenuity.com.

How to Cite QIAGEN’s Ingenuity® Pathway Analysis (IPA®)

When citing IPA in your publication, choose the most appropriate option from the examples below.

“Data were analyzed through the use of QIAGEN’s Ingenuity® Pathway Analysis (IPA®, QIAGEN Redwood City, www.qiagen.com/ingenuity).”

“The [networks, functional analyses, etc.] were generated through the use of QIAGEN’s Ingenuity Pathway Analysis (IPA®, QIAGEN Redwood City, www.qiagen.com/ingenuity).”

How to cite QIAGEN’s Ingenuity® Variant Analysis™ (Variant Analysis)

When citing Variant Analysis in your publication or presentation, choose the most appropriate option from the examples below.

“Causal variants in this study were identified through the use of QIAGEN’s Ingenuity® Variant Analysis™ software (www.qiagen.com/ingenuity) from QIAGEN Redwood City.”

“Data were analyzed through the use of QIAGEN’s Ingenuity® Variant Analysis™ software (www.qiagen.com/ingenuity) from QIAGEN Redwood City.”

“The variant annotation and interpretation analyses were generated through the use of QIAGEN’s Ingenuity® Variant Analysis™ software (www.qiagen.com/ingenuity) from QIAGEN Redwood City.”

By clicking on the “Export” icon at the top of the filter cascade, you can create a document that contains additional information about your analysis that can be used along with the sample text provided above in Methods and Materials sections of manuscripts.

If you would like to use QIAGEN’s Ingenuity Variant Analysis to create a free, interactive online supplement for your manuscript and to conveniently share your analysis and dataset with your readers, you can do so by using the “Publish” feature. Your readers will be just a click away from exploring the variants and genes you discuss in your manuscript within the Variant Analysis environment.

How to cite QIAGEN’s Ingenuity iReport™

When citing iReport in your publication, choose the most appropriate option from the examples below.

“Data were analyzed through the use of QIAGEN’s Ingenuity® iReport (QIAGEN Redwood City, www.qiagen.com/ingenuity).” OR

“The [statistical analysis, Pathways, Biological Processes, Molecular Interactions, etc.] were generated through the use of QIAGEN’s Ingenuity® iReport (QIAGEN Redwood City, www.qiagen.com/ingenuity).”

How to cite Ingenuity Target Explorer

When citing Ingenuity Target Explorer in your publication, choose the most appropriate option from the example below.

“The [pathways, targets, etc.] were generated through the use of QIAGEN’s Ingenuity Target Explorer (QIAGEN’s, https://targetexplorer.ingenuity.com/).”
